Butte County Department of Behavioral Health

Welcome...

... to the Butte County Department of Behavioral Health.

We are here to provide referral, support, and services for people whose lives have been significantly impacted due to mental health and/or substance abuse challenges. We provide support, information, and treatment to individuals and families within the framework of recovery and resiliency principles.

Programs are tailored to meet the needs of our diverse community, regardless of age, gender, culture, ethnicity, race, faith, or sexual orientation. We are community focused and responsive to the needs and concerns of the many cultures within our County.

The services we provide are designed to treat individuals in extreme need or those who require extensive assistance. No matter the circumstance, we will try to help you find an appropriate community resource.

We also provide education, prevention programs, and resources to our community with the goal to create awareness, reduce stigma, and stop problems before they happen. It is also our responsibility to implement the Mental Health Services Act (MHSA) in Butte County, which has helped change the way services are provided. MHSA focuses on culturally relevant, recovery oriented, and community based services to help people achieve their behavioral health and life goals.

Please take your time reading through our services. If you have any questions, please call us at (530) 891-2810.

We are here to inspire hope within you to help you achieve goals that will lead to a more fulfilling life.

“We are here to help you.”

*Our mission
is to partner with
individuals, families,
and the community
for recovery from
serious mental health
and substance abuse issues
and to promote wellness,
resiliency, and hope.*

*If you are experiencing a behavioral health crisis situation,
please call 1(800)334-6622 or (530) 891-2810*

If you are in a life threatening emergency situation, dial 911

How to Get Started

(Non-crisis services for you and your family)

Step 1: Call our office at (530) 891-2810. During the phone conversation, we will ask you whether your needs are urgent and what type of help you are looking for. We will also ask you if you have Medi-Cal or some other type of insurance coverage. We will help you find the services you need in our community or refer you for a screening appointment closest to where you live.

If you come in for an appointment, please bring your Medi-Cal card and other insurance information. A counselor will meet with you and together we will determine the best way to serve you.

Step 2: Once we have determined how we can best serve you, we will schedule a follow-up appointment to better understand your specific needs.

Step 3: At your follow-up appointment, we will connect you or your family member to the types of services that you and your counselor agree will help most. A wide range of services is available, from short-term to intensive, based on your needs. These time-limited services are designed to foster resiliency in youth and families and to promote wellness.

“Getting involved in BCDBH has changed my life. The people at the wellness center are like a family to me.” –J. H.

“When I moved to Butte County, it took me awhile to finally come to BCDBH. When I did, I found a warm and welcoming center and people who put me at ease.”

–S. R.
